

Please use this document to help you select the correct size WCGS sports kit for your son. We have taken the average size of a pupil in each year – please adjust accordingly if your child is big/small/tall for his age. The sizes are "to fit", so a 36" chest garment doesn't measure 36"; it is designed for a person that measures 36". If you want more room in garments, consider a bigger size.

N.B. Sports kit sizing differs to high street shop sizes.

TACKLEBAG RECOMMENDATIONS
